Welcome to the 2021 Humanity in Action International Virtual Fellowship

Dear 2021 Fellows!

We are so happy to welcome you to the 2021 Copenhagen Fellowship Program. For the second time in the history of Humanity in Action we are opening our Fellowship with an International Virtual Fellowship conducted through zoom. The COVID-19 pandemic has affected the entire world, and we have all been forced to think up new ways to interact. Instead of meeting in person, we have yet again been forced to gather all Fellows virtually. However, as most of the world is still in lock down, Denmark is opening up. This gives us hope for the future and hope that we can meet in person, in Denmark, very soon.

Until then, we are joining the other Humanity in Action Fellowships virtually for 8 days of online community building. Four days in the beginning of June, one day in the middle of June, and 3 days in the end of June. In between - while we rest - the other Fellowships will continue with their national programming virtually.

Below we will provide you with the agenda for the International virtual Fellowship, readings you must have prepared in advance, as well as a few practical information to make sure you get the most out of the experience.

One of the cornerstones of Humanity in Action is to engage interaction, discussions and dialogues across borders, and ensure that our Fellows are exposed to different perspectives. COVID-19 challenges us to new ways of ensuring this and we truly hope all of you will benefit from this intercultural exchange of knowledge, experience and narratives.

Happy Readings!

About Humanity in Action

Humanity in Action is an international non-profit organisation that aims to instill the values of human dignity and moral responsibility in a new generation of social, cultural and political leaders by:

- Engaging student leaders in histories of resistance to institutionalized violations of minority rights in democratic countries;
- Promoting the growth and development of young professionals dedicated to protecting human dignity and the rights of minorities;
- Building a multi-national, intergenerational network of present and emerging leaders in diverse professional fields who share these commitments.

Humanity in Action believes that an important test of a genuine democracy is how it treats its minorities, and that the commitment to democratic values and the protection of minorities cannot be taken for granted in the United States and Europe.

Therefore, Humanity in Action seeks to engage younger generations in histories of resistance and to inspire them to fulfill their moral responsibilities to protect those in danger from institutionalized violations of minority rights. It seeks to strengthen the commitment of American and European university students to democratic values and foster their knowledge of resistance to intolerance—past and present.

We believe that an important test of a genuine democracy is how it advances social equity and pluralism. We strengthen the commitment of our community to democratic values and foster knowledge around past and present human rights challenges.

The intellectual touchstone for Humanity in Action, founded in 1997, has been the study of acts of resistance and lack thereof during the Second World War and the Holocaust. These events raise critical questions: Why do some people resist while others remain bystanders? What connects those who recognize the need to resist? How are acts of resistance influenced by national and historical contexts?
Since Humanity in Action was founded with a focus on the 1943 flight and rescue of the Jews in Denmark during the Holocaust, we have grown conceptually, intellectually, and geographically. Our scope has expanded to include the legacies of American slavery and the Jim Crow era; colonialism and migration; peacebuilding and transitional justice in the Balkans; transitions from authoritarian to democratic forms of government in post-communist societies to other human rights challenges in Europe and the United States.

THE FELLOWSHIPS

Intensive and demanding, the Fellowship brings together international groups of university students and recent graduates to explore national histories of discrimination and resistance, as well as examples of issues affecting different minority groups today.

ABOUT HUMANITY IN ACTION DENMARK

Humanity in Action Denmark is an essential part of a collaborative, international learning community of university students and young professionals in Europe and the United States.

We promote values of democracy, pluralism, social justice, and human rights, particularly in Denmark and the transatlantic context, through education and forms of civil engagement shaped by our specific historical and cultural context.

As a small but international organization, we connect carefully selected young leaders of diverse backgrounds and identities to support them in acting socially responsibly through understanding other social groups’ perspectives.

We develop Fellowships, study trips, seminars, workshops, and conferences that challenge contemporary master narratives by looking deeply into some of the histories behind contemporary Danish news headlines.

Together with experts from academia, activism, the arts, journalism, politics, and the business world, our Fellows and Senior Fellows discuss critical social justice issues in Denmark. The topics that keep us busy are identity, human rights, social justice, immigration, and diversity. For years we have created and nourished a community culture that is collaborative, intensive, caring, open to vulnerability, interdisciplinary, opinionated, eclectic, international, and fun.
Meet our Founder

JUDITH GOLDSTEIN
Founder and Executive Director

Dr. Judith S. Goldstein received a Bachelors degree from Cornell University in 1962 with a concentration on European and American history. As a Woodrow Wilson Scholar at Columbia University, she then studied for a Masters degree in European history and wrote her thesis on the “Mouvement Republicain Populaire and the Franco Vietnamese War, 1946-1954.” In 1972, Judith completed her doctoral studies at Columbia University after writing her dissertation on “The Politics of Ethnic Pressure: The American Jewish Committee Fight Against Immigration Restriction: 1906-1917.” This work was the beginning of a sustained concentration on immigration and diversity in America and Europe. She then continued to work at Columbia University over 10 years by focusing on an oral history project on Ethnic Groups and American Foreign Policy.

In the late 1980s, she began to write a book on the integration of Jewish immigrants in Maine which William Morrow published in 1992. Subsequently, she worked as the Executive Director of Thanks To Scandinavia, started by the Danish pianist Victor Borge to acknowledge Scandinavians who resisted Nazism and protected Jews during the Second World War. In 1997, Judith founded Humanity in Action and began to serve as its Executive Director. She also has an abiding interest in conservation and landscape design and history, especially as it relates to Maine and Mt. Desert Island.
As in society at large, also in Humanity in Action’s educational programs, and in other ventures of the Humanity in Action community, situations that are in violation of the organization’s code of conduct can arise. Humanity in Action is committed to providing an open, respectful, and safe environment for its Fellows, Senior Fellows, Program Interns, Staff, Board Members, speakers, partners, and others involved in its programs. Anne Katrine Ebbesen is our Ombudsperson, our designated point of contact to serve members of the Humanity in Action network, including the Fellows of this program, who experience abusive, racist, sexist, homophobic, or other forms of discriminatory behavior that emanate from other members of the network.

Senior Fellow (2013) and Lantos Congressional Fellow (2014), Anne Katrine Ebbesen is an active Senior Fellow and ombudsperson of Humanity in Action Denmark. With a BA and MA in Rhetoric from the University of Copenhagen, specializing in minority studies, nationalism and campaign analysis, she is also trained in conflict resolution and inter-religious dialogue from programs in Lebanon, Armenia and Denmark. Anne Katrine has worked as a risk assessment officer on EU infrastructure projects for the department of transport, project manager of a migration policy project for The Danish National Church and is currently head of communications at the Greater Copenhagen Fire Department in their department of education, training and emergency preparedness.

Code of Conduct

Humanity in Action is committed to providing a respectful environment to all those involved in its programs. Fellows, Senior Fellows, Staff, Program Interns and Board Members in all participating countries (collectively, “Network Members”) are ambassadors of Humanity in Action and should demonstrate appropriate conduct in the programs and in public during the duration of Humanity in Action programs.

This Code of Conduct describes Humanity in Action’s expectations for the behavior of its Network Members throughout their participation in the Fellowship programs and all other network activities. The envisioned purpose of this Code of Conduct is to promote a constructive learning environment for all Network Members, particularly our Fellows. Guest speakers, volunteers, freelancers and trainers will also be informed about our network’s Code of Conduct.

The Code of Conduct is not intended to be comprehensive or to address all possible applications of, or exceptions to, Humanity in Action’s expectations, nor is it intended to in any way limit a Network Member’s rights to communicate with a government agency, as provided for, protected under or warranted by applicable law. In addition, we understand that different terms mean different things in different contexts, languages and countries. If you have any questions, please ask for clarification.

>> RESPECT FOR OTHER NETWORK MEMBERS, VOLUNTEERS, GUEST SPEAKERS, TRAINERS AND FREELANCERS

All Network Members approach each other with respect. The themes presented during Humanity in Action programs are challenging, often contested, highly complex and potentially sensitive. Network Members are expected to approach and engage in discussions with respect, maturity, honesty, and an openness to explore their own perspectives and those of others in ways that are constructive for each individual and the group.

>> RESPECT FOR GUEST SPEAKERS AND TRAINERS

Network Members approach guest speakers and trainers with respect and with a desire to learn – even from guest speakers with whom they strongly disagree. Humanity in Action does not assume that Network Members will agree with all the viewpoints presented by all guest speakers. Humanity in Action encourages Network Members to communicate their disagreements in a respectful and constructive manner.
Network Members are expected to be active participants and to attend each scheduled session at the designated times. Should a Network Member need to arrive late, the Network Member should contact Staff in advance. Staff may excuse absences on a case-by-case basis.

**DIVERSITY AND INCLUSION**

Humanity in Action believes in the value of diversity and is committed to actively creating an environment where each Network Member feels empowered to learn, grow, and maximize their personal contribution. Celebrating the similarities and differences that shape each of us is important and will help spread our mission. We promote an inclusive atmosphere and ensure that our Network Members are always treated with dignity and respect.

**RESPECT FOR HOSTS AND ACCOMMODATION**

Network Members comport themselves in places of accommodation – whether hotels, hostels, homestays or other locations – with respect and comply with any associated rules or standards of conduct. Non-Network Members cannot stay overnight in any Humanity in Action-sponsored accommodations without pre-approval from Staff and, where applicable, homestay hosts. If placed in homestays, Network Members should be sensitive to their hosts’ expectations and show an openness and eagerness to get to know the hosts and their family.

**ACTIVE PARTICIPATION, ATTENDANCE AND TIMELINESS**

Network Members may attend sessions during the programs that are sensitive in subject matter, confidential, or off-the-record. They agree to follow the requests of guest speakers and the Staff regarding confidentiality, attribution, recording/photography and social media.

**NO DISCRIMINATION AND/OR HARASSMENT AND MAINTAINING CULTURAL SENSITIVITY**

Humanity in Action is committed to providing an environment where people are free from any form of harassment, discrimination, abuse, and retaliation. Network Members are prohibited from harassing or discriminating against anyone on the basis of racial identifiers or race, color, sex, religion, ethnicity, national origin, ancestry, citizenship, age, disability, sexual orientation, gender identity or expression, pregnancy, marital/familial status, military or veteran status, genetic information, cultural, social, political, economic differences and/or any other characteristic protected by applicable national, state or local law.

As such, Network Members are expected to be cognizant of, and sensitive to, differences in both historical and contemporary contexts.
Although misunderstandings may occur Network Members should always show respect and a willingness to understand and work through these differences both respectfully and constructively.

In addition, as noted above, sexual harassment will not be tolerated by Humanity in Action. For purposes of the Code of Conduct, sexual harassment includes harassment on the basis of sex, sexual orientation, gender identity, and the status of being transgender. Sexual harassment is not accepted in Humanity in Action, whether it includes any unwelcome sexual advances, requests for sexual favors and other verbal, physical or visual conduct of a sexual nature when any of the following occur: Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or status in a program or activity; Submission to, or rejection of, such conduct by an individual is used as the basis for program decisions affecting that individual; or Such conduct has the purpose or effect of unreasonably interfering with an individual’s participation in the network or of creating an intimidating, hostile or offensive program environment even if the complaining individual is not the intended target of the sexual harassment.

A sexually harassing environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which are of a sexual nature or which are directed at an individual because of that individual’s sex. Sexual harassment may also consist of unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks. Sexual harassment can occur between any individuals, regardless of their sex or gender. A harasser can be any Network Member, guest speaker, trainers, volunteers, freelancers and/or other visitor.

>>> NATIONAL AND LOCAL LAW

All Network Members must follow the laws governing the countries, states, municipalities, and cities where Humanity in Action activities take place and are susceptible to associated penalties for violations of those laws. If any matter is referred to the national authorities, it will be addressed in accordance with applicable law.

>>> ADJUDICATION

If a potential violation of the Code of Conduct occurs, Humanity in Action asks Network Members to promptly inform a Program Director, Program Manager and/or Ombudsperson so Humanity in Action can promptly and thoroughly review and respond appropriately. When possible and appropriate, Humanity in Action will provide a warning of a breach of the Code of Conduct to Network Members and give them the opportunity to amend their behavior.

Humanity in Action will address issues on a case-by-case basis. Serious breaches of the Code of Conduct could lead Humanity in Action to dismiss immediately a Network Member from a program and/or the Network at the individual’s own expense.
The 2021 International Virtual Fellowship

PRACTICAL INFORMATION
Introduction to the International Virtual Program

The COVID-19 pandemic has significantly changed our lives in numerous ways and affected activist and educational work. Thus we have focused our efforts on delivering a Fellowship which will be intellectually challenging, inspiring, interactive, and will broaden your horizons and enable you to network with activists from diverse places.

During the International Virtual Fellowship in June, we are all physically distant from each other, yet it does not mean we are distant socially. We are convinced that beginning our Fellowship this way - studying and learning virtually with the rest of the 2021 Humanity in Action International Cohorts - will help us foster valuable connections, spark exciting discussions and inspire each other to take action against human rights violations. All of this cannot happen without YOU; your contribution and active participation will shape this pioneering online program.

During our first international gathering (June 1 - 4), everybody will get to know the Humanity in Action staff, as well as get an introduction to Humanity in Action itself. We will dive into the topics of Intersectionality, Solidarity & Allyship; Civic Engagement and Activism; Colonialism & Imperialism, as well as WWII & the Holocaust. During our second international gathering (June 21 - 23), we will learn more about Action Projects, the Action Project Lab series in the fall/winter and meet and learn from other Senior Fellows' Action Projects.

In between (June 11), we offer you a webinar with writer and performance artist Alok Vaid-Menon, Beyond the Binary.

Before the international sessions begin, the 2021 Copenhagen cohort will meet each day in a virtual room of our own. The purpose of this is to introduce the day, reflect on the previous day, and get to know each other further.

WE LOOK FORWARD TO A PRODUCTIVE, INSPIRING, AND ENGAGING LEARNING ENVIRONMENT.
Your Way Around a Virtual Fellowship

>>> NIGHT OWLS RATHER THAN EARLY BIRDS

The participants in the International Virtual Program are located around the world. This means that time is of the essence. Unlike the in-person Copenhagen Fellowship, the Virtual Program will begin around 15:00 or 16:00 CEST and finish around 20:00 CET on June 1 - 4, 11, and 21 - 23 (please refer to the day-by-day schedule for the exact starting/finish time on the various days).

Despite the late hours of learning, we expect all of you to participate actively in the Fellowship, and gather as much knowledge and experience from this as possible. Remember to join the sessions 10 minutes before its scheduled start to be on top of possible technical problems and/or unstable connection, etc.

>>> ZOOM

The Pre-Fellowship will be hosted through the platform ZOOM. To use ZOOM you must have stable internet. To join the Fellowship click on the link you will receive in an email and follow instructions in the meeting invitation.

Meeting invitations will be emailed to you prior to the beginning of the Virtual Fellowship.

>>> BE FULLY PRESENT (MIND & BODY)

We encourage you to avoid multitasking. You might miss out on key information or an opportunity to give input. Please bear in mind that sessions are created for YOU! Speakers are there for YOU!

You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps, and muting your smartphone.

>>> WHERE ARE YOU - WHO ARE YOU - HOW ARE YOU

Where are you - Share your location and settings:
To get a better understanding of who you are it can be helpful to to picture where you are. We therefore encourage you to share your settings with the rest of the group. Where are you located, which country, city or part of the city. What is the house and room like you’re in, are there other people where you are, who are they.
>> Where are you - Share your location and settings:

Where are you located, which country, city or part of the city. What is the house and room like you’re in, are there other people where you are, who are they.

>> Who are you - Bring an object:
We encourage you to share a personal object that holds meaning for you and represents (a tiny part of) who you are with the rest of the group.

>> How are you - What have you done for self-care:
What have you done to care for yourself during these pandemic times. Have you taken more walks, watch more films, read more or better books - or less - had a nice glass of red wine, or ....

The process of sharing personal artifacts, locations and self-care respectfully furthers the process of team building and group cohesion. In the day-by-day schedule below you will see which day it’s your turn to share where you are, who you are and how you are with the rest of the Copenhagen Cohort.

>>> SCREEN NAME, PRONOUN AND PROGRAM AFFILIATION

We will be 100+ fellows, staff, and speakers in one virtual room. Your screen name and program affiliation will help identify you as well as help you identify others.

We also kindly ask you to state your preferred pronouns. Using someone's correct gender pronouns is one of the most basic ways to show your respect for their identity.

Therefore, please write your name on the screen thus: Name, pronoun (country affiliation), e.g.: Mikaela, she/her (CPH)

Thank you!
Ground Rules

To ensure productive sessions, we have created a few ground rules of engagement during the Virtual Fellowship.

>> ARRIVE ON TIME
Please log on 10 minutes before each session of the Pre-Fellowship. You may disrupt the presentation by logging in late as well as miss important information.

>> APPROPRIATE SETTING
Please make sure your settings are appropriate for e-learning, meaning minimal background noise and other disturbances, e.g. neutral/calm background setting; avoid busy cafés or settings with people/movement in the background.

>> DRESS APPROPRIATELY
While learning together remotely, take a few minutes to put yourself in the right headspace to be productive by dressing appropriately.

>> MAKE SURE YOUR MIC IS ON MUTE
To help keep background noise to a minimum, make sure you mute your microphone when you are not speaking. However, don’t forget to unmute your mic when you want to add to the conversation or ask a question.

>> YOU ARE ENGOURAGED TO TURN ON YOUR CAMERA
Position your camera in a stable position and focused at eye level. Doing so helps create a more direct sense of engagement with other participants.

>> FOOD
Please use the designated screen breaks to eat or snack, not only is it distracting to others it might also be to you.

>> CONFIDENTIALITY: DON'T SHARE ZOOM LINKS WITH OUTSIDERS
Unfortunately, zoombombing has become a phenomenon not uncommon to organizations such as our own.

In order not to risk intruders or other unwelcome visitors who may wish to disturb or otherwise disrupt our sessions, do not share zoom links with anyone outside the organisation.

Audre Lorde

Intersectionality and allyship are highly interconnected. We wish for all of us to learn from each other about those connections. Sharing good activist practices, identifying and learning from our own blindspots will guide the conversations in breakout rooms.

Yael Herskovits Agbabiaka, National Director, Humanity in Action, Inc.
On June 11 we offer this special webinar to all Fellows: Beyond the Gender Binary. ALOK Vaid-Menon examines and discusses how recent contributions of non-binary and gender non-conforming activists and scholars have fundamentally challenged core assumptions of gay, feminist, and trans politics. Is the goal of gender justice simply equality for women, or is it about challenging how billions of people come to be divided into men or women to begin with? In this webinar ALOK will outline an intersectional transfeminist approach to move beyond gender binaries and better understand the root causes of gender-based violence.
